

REGULATIONS AND BEST PRACTICES

The Renter of this Aerial Work Platform is considered the User of this equipment.

NEW TRAINING REQUIREMENTS - The Users, operators, occupants and supervisors all require training.

The User shall permit only **properly trained personnel** to operate an Aerial Work Platform.

The User shall insure that the **Operator** is Familiar with the Model of Aerial Work Platform to be operated and specifically:

1. Know where the weather resistant compartment for manual storage is located.
2. Knows the operator and maintenance manuals supplied by the manufacturer are stored in the weather resistant compartment and is familiar with the operating and safety manuals.
3. Understands all control functions, placards and warnings.
4. Is aware of and understands all safety devices specific to the model aerial platform being used.
5. A & B Tool Rentals can provide Familiarization upon request.

The Renter is responsible to arrange for Quarterly and Annual Inspections as they become due.

The renter is also required to have appropriate insurance for the rented equipment.
