

Little Wonder Hedge Trimmer safety

- Never attempt to modify your power tool in any way since this can be extremely dangerous and result in serious or fatal injury
- Wear proper protective clothing and equipment – no loose fitting jackets, pants, scarves, anything that could get tangled with the wood or brush. Steel toe boots recommended
- Wear safety glasses, hearing protection, heavy non-slip gloves, approved safety hard hat when there is a danger of head injuries
- To reduce the risk of fire, do not smoke while operating or standing near the power tool
- Always hold power tool firmly with both hands
- Don't attempt to clear cut material while blades are moving, and the motor is running. Never try to remove jammed material before switching the motor off and making sure the blades have stopped completely.
